Top Pics of the Month

The Multi-Sport / Multi-Purpose artificial grass installation at the Mahatma Education Society, Panvel (Navi Mumbai) is the institution's second playground installation (the first, almost 2 years ago in Gorai, Mumbai). This injury-free, dust-free surface is a new dimension in the infrastructure of top-notch schools in India.

FieldTurf's installation at Span Outsourcing, a prominent BPO firm in Bangalore, for their employee recreation zone, is used for Badminton and other sports. This area is also used for various team gatherings and parties as well.

Maintenance-free, injury-free aspects always attract various play schools to have FieldTurf. Springdale Preschool, Bangalore is one such client who has FieldTurf in their play area.

Initially the client planned for natural grass on his rooftop, but changed his mind after getting convinced with FieldTurf's benefits like low weight, no standing water and no-maintenance! Capt. PR Singh is now a strong endorser of FieldTurf.

What Clients Say!!

Renu Hasan

Siraj & Renu Architects & Interior Designers

"Being an architect myself for 30 years, I was pleasantly surprised to see FieldTurf introducing a beautiful alternative where natural grass cannot be grown. I have used FieldTurf on my terrace lawn and it is beautiful."

Capt. PR Singh

FieldTurf Lawn Owner, Hyderabad

The hassle-free nature of FieldTurf's artificial grass and its natural appeal makes it an ideal choice."
