TO WHOMSOEVER IT MAY CONCERN

This is to certify that the FIBA approved interlocking modular sports surfaces from SnapSports Inc., (USA) have been used in various tournaments where I have been the Tournament Director or technical observer or other supervisory / official role in my capacity as FIBA Commissioner.

The SnapSports surfaces have performed as per expectations and meeting the required standards of play.

In my considered view and assessment over the last 2 years, SnapSports is suitable for installation and use at any practice or competition facility of any level, when installed as per the manufacturer's guidelines.

Should you need any further information, please contact me
